

of Kenya and they said, No, they had been at one time, but they couldn't be. This gentlemen who spoke gave us every assurance that they wouldn't be in the future so we went ahead with plans with the ADM and in a remarkable way we were able to go to one of their stations out in the reserves and we have had opportunity there to get in touch with the people and to learn the kind of people they were and to get some of the language to get into the work and so on and we praise the Lord for that opportunity. But you know, I don't know if you were conscious of it, but when Mr. Horner spoke in the first hour of Satan and his lies and then I noticed that Dr. MacRae mentioned Satan again in his prayer this morning. You know, I think that if we keep in mind the fact that Satan is the one who is in back of all of this, perhaps we will realize that we shouldn't put the emphasis on personalities and groups, but after we have made a trip around Kenya to find a place that we believed the Lord wanted us, and we visited many mission stations and we turned back and we believed that the Lord wanted us in this district where we had first gone with the AIM, there was not a mission station there, just a district of 200,000 people and just this one mission station of the AIM and we believe that the Lord called us to this place of that was 65 miles from that station and we still believe that the Lord wants us there and now we are going to claim that mountain for Him. He has already given it to us, but that fact yet, so we are expecting Him to do that, however, after we got there, because of the district commissioner in Africa in that district told us to go ahead and build, we had the permission of the people and the
