

Among us in America here we are in new country. Our countries are new, they've been founded within the last 300 years. And we have much in common between Chile and Argentina and the United States and our other countries, as compared to ..(13½).. There's a "with", and then again there's a "with us" that puts United States and Canada quite sharply apart from Mexico and South America. And there's a "with us" which should be easily quite sharply apart from California and Washington.

End of Record 1.

Record 2.

Now I see our time's run on and ...yes sir?,

Student... "How much..." Quarter after? I'm afraid we can't let you go at quarter after now, but you'd better run along in that case. I am sorry we made you late...(0).

Student... Yes? Well now, what do you think about next time? I have been away a good bit and I probably will be away a good bit but I have a little breathing spell now, so maybe we can make up a little and get ahead.

Student... I'd very much like to do that, but unfortunately we.. Now when are the afternoons that you all are free? Was Monday one or not? Monday. Yes. It's unfortunate it's only four. It would be much better on a thing like this if we had two hours in a row some-time, instead of having to have two different days, but the way the other classes are scheduled and the members of the class are, we can't do that. But 4:20 seems to be the only hour that we can ever all be together. But we could do that most any day, can't we? If I recall correctly. How about Monday and Tuesday mornings?

Student... Oh, that's right. Tuesday we can't and Wednesday I can't. Well then, let's make it Monday and let's hope we can Thursday, but at least let's make it Monday.

Now shall we go on with sheol Monday, or shall we suggest something else? Or shall we suggest something eases/ at any rate to get a head
