

~~xxxx~~ him, Byt the way, have you made an major changes in your point of view in the last five years. And he said, so far as I know, what I believe now I have believed all my life. And I have made no major changes anywhere, certainly not in the last five years. Well, Dr. Buswell said, it was very kind ~~xxxxxxx~~ of you to come and to tell us about your capabilities, but I don't think we have a place for you in this collge.

And Dr. Buswell was able to handle that problem. Now, of course, most schools don't go as fast as all that. YOU don't have as serious ~~xx~~ a problem. And the problem is less on a school that isn't growoing so fast. But it is always a vital problem. And a man ~~xxxxxxx~~ will make a mistake. Dr. Buswell made a very serious mistake. (end of record)

When you have made a serious mistkae, then you have to deal with it. And Dr. Buswell has had an awful lot of criticism because when he saw ~~xx~~ he made a ~~mistkax~~ mistake he tired to do something immediatly. But Dr. Buswell ~~x~~ made that achievement.

Well, now, that is a problem. <sup>..</sup> And it is a ~~grax~~ greater problem in a college than it is in a church. I don't care how strongly you protect it, you are going to make mistakes. But the thing is not to let those ~~mistkax~~ mistakes get you to a point where they wreck you. Once you find them, do something about them.

(question) It is a sytem and theory that has to be worked by man. And any system works better at some times, and worse at other times. But I thought it worked very well in the Presbyterian Church U.S.A. while I was there, and the last few years there I noticed several cases where there were stories about a man, there were great disturbances within the church, and where the committee was appointed by the moderator of the ~~xxxxxxxxxxxxxxx~~ presbytery. Now, if the presbytery will see to it that it ~~x~~ elects moderators who are men of ability, and if these moderators will apply themselves particularly and see things through and send the committee that really will do things ~~well~~ well, there is a probablility that men who have been trained in~~x~~ these things and have been
