tend to fall into. So, Isaiah is speaking to all those who consider Isaiah
as a true prophet, and his message as a true message. Now, we can call these the
godly in a general sense. We cannot call them the godly in the sense that every
one of them is necessarily saved, or necessarily completely consecrated to the
Lord. But we can call them, that portion of the nation that is truly believing
and that
in Isaiah as a true prophet ~~as~~ his message a true message. Now these people, then,
have not only got Isaiah's message, but the nation is going to go into exile.
In addition to that, these people have the fact that they can see, and this now
probably increases a number of those who are ready to listen to Isaih, and may
bring into the group some whose understanding is very deep, that is to say, in
~~Isaiah's~~ Isaiah's time the Assyrian king took them the northern kingdom to
captivity. In the early days of Isaiah's preaching some of the people ~~had~~ sent to him,
and said, What can we do? Look at the east and north _____ nearly twice as ~~big~~ big as we
are. Look~~at~~ at _____ seriously beyond them, both of them are going to attack
us. How can we get deliverance~~?~~ from this terrible attack that is described in
Isaiah seven? Isaiah said, Trust upon the Lord. He is going to deliver you
from these. He says, these people are going to exile, but he says, you also
are then going to exile for your sin. now the people in the nation sees ^Isaiah's
promise fulfilled. The northern kingdom is conquered by Assyria. The Damascus
of Assyria is going to exile. And then, just a few years later the northern king-
dom also will go to exile, and ⁱⁿ the south many of them had friends and relatives
in the northern kingdom. They were much interested in what's happened up there.
They heard about it, and they rejoiced that their land ^{is} ~~was~~ free this minute,
for they cannot help realizing they have a greater land now even though ~~it is~~ it is
its _____ which may never bother them, yet it is a _____ which ^{has} ~~was~~
^{been} great enough to be/stroyed, a region much greater than theirs, right next to it.
