~~philosophy~~ approach

In other words, the existentialists' ~~approach~~ today is the ~~same~~ approach which ~~is~~ says,

~~is~~ Well, all our wonderful plans are failing. Let's get _____ out of _____

(6.50) Let's ~~get~~ get great ~~great~~ tragic ~~xxxxxxxxxxxx~~ pleasure out of scene _____ . Of course, that ends up with ~~the~~ the thought,

Eat and drink and be merry, for tomorrow we die. That's what eventually leads

to. Mr. Mackey? I think personally that is a great mistake. I had people

often say to me in _____ What do you think I should major? Do you think

I should major in philosophy? I always say, I recommend history, literature,

languages, something that is objective, something that deals with facts. That

will give you a background for seminary work, and will be very valuable. I

would say that a little philosophy is a very valuable thing, but the amount

to major in for the average student, I don't think it's worthwhile. And I talk~~ed~~

with the people in Christian colleges who said to me, "~~is~~ Show me where I ~~could~~ can

cannot lead to a correct result, and so a teacher of ~~a~~ Christian philosophy,

~~a~~ Christian teacher of philosophy, has as his primary task going through the

attempt of ~~the~~ people who did not believe the Bible to explain the universe and

showing their thoughts. Well, that's _____ (460) It's very useful

to go through and show how the~~ir~~ thoughts are, but it's very hard to really

drill a person ~~is~~ ⁱⁿ giving his light to studying ^{or falsehood} false thoughts to show it's false(?)

And therefore, if you want to get a professor of philosophy for a Christian

~~a~~ college, your tendency is/^{either}to have a man who is really interested in theology, he

is interested ~~is~~ because theology is what God has given, he is interested in ~~that~~,^{that}

and his teaching of philosophy is simply a side issue with him, simply trying to
