result to come from (13.30) Here he was, he said, we _____ (13.35)

we talks about, he gave a wonderful message, and now he is cut off. We thought
          who was going   in the far away
he was the one/to redeem the Israel. He said he was God, cut off far/away/

hill. No one thanked him, no posterity, eleven discipled all fled (not fleed).

The way who's going to declare his generation? Who's going to see any result
                                                    out of
in it/ from what he did? He is cut/ off from/the land of the living.

It seems that as if this one is the servant of the Lord instead of setting out

to accomplish a great work for God, is just cut off. But actually it was for the

transgression of my people that he was cut off. Actually he was not cut off.

                                            the judgment
on his work. Maxix if he is given a lesser judgment, that/you might be completely/d

and he could carry on hiw work, but he is taken away out of the land of the

living. He His life has come to an end/ _____ (11.09) Thirty

years of wonderful teaching, what does it amount to? Yes? Ja, ja, who can? ja,

What is, what is there to show/? What he has done? What continually affected
                    It's all over. It is
(10.60) ___ is there going to be? He's all gone. /The humiliation. What's, going/

/ ever accomplished by this? He made his grave/ with the wickeds, although he had

done no violence, neither was there any deceit in his mouth. I don't know

why they say that because th he had don no violence,
