So, words have certain meanings and they do change... there is no question about that. This may be ~~not the~~ different kind of form... I do not know, but Words have certain meanings throughout... but necessarily does not have the same meanings/ for Isaiah. And so, words do change... There is no question about that this may be different kind of form... things like thorns, briars and thistles... / ... of ~~the~~ course the King James says ... / they were very familiar with ... there again... I heard Dr. Montgomery who was in Pennsylvania... in the volume ____ of the International Christian Novel... say that it is difficult today to get a group of Christian men who are familiar with ... ~~aha~~ -- what the Jewish commentary... but of course, the Jewish commentary was ... largely of faith ... and it was written by people centuries ago ... there is nothing in Isaiah... so that they would have a tradition ... then their land may have some similar ... But just how active they are I do not know. At least they were aware of ~~the~~ what these people thought of ... they did not know what they knew... . Then of course the pre/sident will greet . . . we have the importance of ... of course, there, it is not difficult to say what a word means... just like ... I was climbing up a mountain one time, and I found that there was a case where a commentary has errors... there it is ~~not~~ so difficult to have ... of course, there it is not so difficult to ... what a word means ... it is just like ... I found if; you wet the paper and then that there is a case where a commentary has errors on ... ~~then~~ the paper dries and sticks... as a result of the apocrypha... it becomes stiff as a result of that the ... but when you think about plants and animals/ you do not have in your area, it is pretty hard to do ... in . . . Some of them are easy and some of them are difficult in Greek, too. There may be several different interpretations , etc.
