... it ends with that great notice , Isaiah 55 here, of the sign that God is going to bring it to pass the evidence of His power , the re- tremendous
change that He is going to make... /When He removes the curse, and
When He does away with the result of
sin... and establishes His kingdom ...no more sin... no more... under a
perfect situation... It may not be entirely ... but/it goes on beyond the mille-
millennial kingdom. So, that discussion of ... miracles and ... in connection
with the last verse //From Isaiah 55 was a very important matter which
we dealt with last night. time. Now, let us check into chapter 54. Now, let
us go on to chapter 54. Now, we look first at chapter 54... Last semester
we looked at chapter 53. Isaiah 53, and- in great detail. And we noticed
how chapter 53 declares that God is going to send one who will be His servant, and
who will do this marvellous work here as described over in this redemption of
sinners. And we/ noticed how many little details that-- there are in Chapter 53
52:12 to 53:12 have
which exactly fit the work of Christ. And unbelieving scholars /tried to govern-
over and over to interpret it in some other way. And /beside that- Jewish
scholars have tried to make it Israel, but we certainly have no picture of a nation
in Isa. 52:12 to 53:12, and besides that in 53:13 he is compared with Israel.
As many were astonished at thee, so shall he do this; in comparison , so it is
very definitely not a picture of a nation, it is a comparison. It is not a picture
of any individual . It is nowhere taught in the Bible, such a marvelous atore ment
and its continuing accomplishments as described here could be performed here
by a second Isaiah or a Jeremiah, xxx or some unknown sufferer. There is no
satisfactory explanation...except that-53:12 in-- 52:12 to 53:12 --that Isaiah, the
marvelous power of God, looks forward to the coming of Christ. Then , after
finishing that the last of last semester. We will now look ahead to 55...not noticing
