

this room here, some of you might call it a lake, it was a little smaller than a lake . It was very pretty, looked like a lake and the trees around and on this pond over at the other end of the pond there were ^{six} ~~w/several~~ swans ~~swi~~ swimming along, and here was the pond with the trees around and over at the other end these six swans and a very clear, ~~lo~~ lovely scene, just the background about which to talk about how the world was going to become perfect and we were going to do away with all that was harmful, ~~a~~ with bringing people to realize their brotherhood and realize the foolishness of the inequality and the injustice that are in the world today. And as we ~~w~~ looked we saw a duck near ~~n~~ us there , waddling into that pond, and way over at the other end there were the swans and when that duck entered the pond two of those swan over there started in this direction and just as fast as they could go (I never saw swan go ~~has~~ half as fast in my life and they came across that water, half flying and half running through that water, and they got over to this end and began biting the ~~nee~~ neck of that duck and drove it out of the pond . They weren't going to have any duck in their pond, and as we watched it , these girl's eyes ~~a~~ grew ~~gib~~ big assaucers ~~k~~ and she said, "Why, that's unsocial ." And I thought , What a picture of the fact that in the world there is something that is out of joint , there is sin in the heart of mankind. There is wickedness deep in the heart of everyone of us. There is this selfishness. There is this greed. There is this unwillingness to follow the Lord of our ~~salvait~~ salvation, and it is even in the animal creation. And when we have got this fear in the world, you can't have a righteous world you can't have a happy world . We fought a ~~way~~ war to end war. We were going to have the world safe for democracy . Hitler was out ~~k~~ of the way,
